radio media edited experience we  
long editing final candidates where  
footage speaking shot maintaining  
minute

**Similar Resumes**

## Media Experience

- Photography, five years experience taking and editing photos. I was accepted to photography college in Ireland but chose media instead. A sample of my portfolio is kept here: [www.pix.ie/astrobotty](http://www.pix.ie/astrobotty)
- Video, during the three year course we scripted, shot and edited a lot of footage and our final year project involved a film which was directed, shot and edited ourselves. I have experience using Final Cut Pro as well as Pro Tools
- Radio, Radio editing and broadcasting was a large part of our course. We had to write pieces which we then had to record and edit into a package. I had a particular interest in speaking on air and felt very suited to it
